

## Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

---

September 9, 2022

Dear King Members, Friends, and Family:

We truly appreciate working with and caring for all the veterans who live here. It's an honor to serve our nation's heroes who have chosen to make this place their home. We are grateful to all who take personal precautions to limit their exposure to COVID-19 in your daily routine and keep our members safe when you visit.

Since we last updated you September 6, we had 1 employee test positive for COVID-19. Accounting for all recent recoveries, currently we have 9 cases of COVID-19 on campus (2 members, 7 employees).

The Wisconsin Department of Health Services (DHS) is urging everyone to get boosted against COVID-19 and its variants. Starting this week, people 12 and older are now eligible to receive updated COVID-19 boosters, also known as bivalent boosters.

Doses of the updated COVID-19 boosters have started arriving in Wisconsin and will continue to be delivered to providers over the next several weeks. Pharmacies, health centers, and clinics are expected to make appointments available as their booster doses arrive. We encourage everyone to please schedule an appointment to get your updated boosters and vaccines.

Thank you for your continued commitment and support of our Home.

Sincerely,

Diane Lynch, LNHA, MBA  
Homes Division Administrator
